ShapeBlue support ends 2 years after "Supported from" date

We will provide Reactive Support and Product Patching up until the "End of ShapeBlue support" date

We will provide "Proactive maintenance" patching for 1 year after "Supported from" date

We will provide Proactive Security Patching for 18 months after the "Supported from" date

\*All future release dates are provided for guidance only and are subject to change based on the Apache CloudStack community release date

**The following is provided for information purposes. Full Terms & Conditions can be found at [shapeblue.com](https://shapeblue.com)**

We will provide Reactive Support to any version of CloudStack our customers choose to install. However, we can only provide Proactive Maintenance and our Product Patching service to those versions specified above. Any version of CloudStack not specified above is deemed to be an Unmaintained Version

If an existing customer decides to install an Unmaintained Version we cannot provide our Product Patching service or Proactive Maintenance, but Reactive Support only

If a new customer has an Unmaintained Version we cannot provide our Product Patching service or Proactive Maintenance, but Reactive Support only
