We will provide Product Patching up until the "End of ShapeBlue support" date

We will provide "Proactive maintenance" patching for 18 months after "Supported from" date

We will provide Proactive Security Patching for 24 months after the "Supported from" date

*All future release dates are provided for guidance only and are subject to change based on the Apache CloudStack community release date

The following is provided for information purposes. Full Terms & Conditions can be found at shapeblue.com

A non-LTS version will be maintained until the release of the next LTS version, or for 6 months (whichever is sooner)

We will provide Reactive Support to any version of CloudStack our customers choose to install. However, we can only provide Maintenance and our Product Patching service as specified above. Any version of CloudStack 2.5 years past the 'release date' is deemed to be an Unmaintained Version

If an existing customer installs an Unmaintained Version we cannot provide our Product Patching service or Maintenance, but Reactive Support only

If a new customer has an Unmaintained Version we cannot provide our Product Patching service or Maintenance, but Reactive Support only
